

Customer Testimonials

Our customers are our most important asset. We take great care in making sure our customers come first, so it's no surprise they're willing to tell how their experience with CTC exceeded their expectations.

"CTC is my one source for all my computing needs. Developing a long term relationship with them has really paid off. Jim and his staff are easy to get in touch with and are always responsive to my needs."

**Brian Cole, IS Manager
Advocat, Inc.**

"CTC is a wonderful working partner with Metro Ready Mix Concrete, Inc. We have been relying on them for over 15 years, and they have always been responsive and helped us keep our IT moving in the right direction. They have always been proactive to needs that are upcoming and very responsive any time there is a problem. They have been with us from the installation of our first network server to where we are today. They have definitely helped to make and keep Metro Ready Mix the most technologically advanced ready mix company in the Middle Tennessee area."

**Dee McMasters, IT Manager
Metro Ready Mix Concrete, Inc.**

"CTC has provided reliable 24/7 service and maintenance on a regular monthly basis that has consistently kept our network up and running more consistently than ever in the history of our company. CTC's staff is easy to work with, accessible, understands our needs and responds very rapidly. Their pricing is fair, their service efficient and we would highly recommend them."

**Bob Scarlata, President
The MarchGroup**

"CTC has been a great resource for implementing and supporting our heavily relied on Citrix Metaframe farm. They have provided detailed training to enable us to better support our users. Their staff has a broad range of knowledge and they are very quick to respond. Time and again we have been able to rely on CTC for quick, expert advice."

**Sharon Sutton, Information Technology
Bass, Berry & Sims PLC**

"The people at CTC have been a joy to work with. Their knowledgeable staff always works very diligently to provide the solutions that we need in a timely manner. I would, without hesitation, highly recommend them to anyone who is need of their services"

**Jeff Runion
Neurological Surgeons, P.C.**

"CTC has worked closely with the Textile and Fiber Products Division of Leggett & Platt for years. Their technicians have assisted me with innumerable tasks allowing me to focus on matters specific to our business. Their technical support as well as design services have been invaluable to our organization."

Kenny Prince, Division IS Manager
Leggett & Platt - Textiles and Fiber Products Division

"Working with CTC has been a pleasure. They listened to our needs and requirements, designed an efficient setup, and implemented it quickly and efficiently. Any questions we had after implementation were always answered promptly -- almost immediately."

Greg Meador
Community Health Systems

"CTC has been my source for the technological needs of my firm for the last fourteen years. They have always conducted themselves in a professional manner and have been responsive to any questions or problems that I might have had."

Doyle Miller
Doyle Miller CPA

"I think that CTC is a great company to work with. Everyone that I have dealt with at CTC in the past 6 years has been very knowledgeable and they have addressed all my problems in a prompt and professional way. I highly recommend CTC for all your hardware and software needs. Usually they know before we do if there is a problem with our servers. The CTC technicians always take the time to let me learn from them, and they are very patient and understanding when I am trying to learn how to perform some of the tasks that are related to keeping the servers running. When we experience problems, CTC response time to fixing the problems is usually within the hour. I can't think of any incident in the past 6 years where we have had to wait for more than 4 hours at the most. When I need help I pick up the phone and call and Ginger knows exactly what I need and who to send out to fix the problems. We order all our desktops, laptops, and printers from them. Their prices are competitive and the service they provide by setting up hardware before delivery saves me hours of time. Everyone at CTC stays on top of how our network is setup, they are familiar with all the users, and manage to keep everyone at Dale completely satisfied when they come on site to perform setups for us, or monthly maintenance on our equipment. Not only are they very knowledgeable with the latest technology available, but they offer me many solutions to help me keep the computers and servers at our company functioning at its best. I don't know what I would do without them and I hope they stay around Nashville for years to come."

Janis Goodwin, Network Administrator
Dale Incorporated

"I cannot tell you how much I appreciate the time and energy CTC spends with us. It means so much to have someone I trust to help us with our technical needs and a willingness to answer any questions we may have."
